1. Our invitation

Respected Principal,

On Saturday, 23 January 2027 — Netaji Jayanti, in Republic Day week — three young people from every district of Tamil Nadu will take their seats in one House: they will question a Youth Cabinet, debate and vote on a Bill, and adopt a Youth Charter for the state. World Youth Federation invites [College Name] to partner with us — to help choose these young legislators, train them and stand with them on stage.

There is no partnership fee, and participation is free for every student — the event is fully funded by sponsors. Only the final State Session needs a host campus; all selection rounds run online. WYF designs and runs the programme; your college opens its doors to students, gains a state-level platform for student leadership, and builds documented evidence of non-partisan civic engagement.

2. About World Youth Federation

World Youth Federation (WYF) is a Non-Governmental Organisation working for youth empowerment in entrepreneurship, innovation, leadership and social impact. Its flagship initiatives include the WYF Incube Hub, the School of Entrepreneurship, the Dr. Kalam Young Achiever Awards, the Decode Ratan Tata Future Leaders Award, the Startup Summit and the Youth Parliament.

Our vision: "Igniting a generation of young leaders who dare to change the world."

3. About TNYP Mini 2027

TNYP Mini 2027 is a one-day simulated State Legislative Assembly. 120 young people — three from each of Tamil Nadu's 38 districts plus six presiding officers — question a Youth Cabinet, raise district issues in Zero Hour, debate and vote on a Bill, work in Standing Committees and adopt the TNYP Youth Charter 2027, which is then submitted to legislators and government departments.
